About a week ago Sheriff Davis levied upon the goods and chattels of one of the hands at work on the Julien extension of H. N. & C. R. turnpike, to satisfy a debt against the party. The clothing, etc., was nailed up securely in a box and laid away. A day or two later some thief broke open the box and made way with the outfit. The sheriff has a clew and the chances are the robber will be captured and convicted.

Another Bicycle Accident.

Mr. Geo. W. Phelps, the L. & N. day operator at this place, fell from a bicycle about noon yesterday and broke one of his arms very badly.

The bone was broken entirely in two pieces and one end protruded through the skin. Dr. Blakey was called and rendered the necessary surgical aid and at last accounts he was resting as well as could be expected under the circumstances.

The Summit House at Dawson has enjoyed an unusually large patronage this season and still has a good crowd on hand. Mr. Ramsey, the popular proprietor, makes a first class hotel man and his patrons appreciate his knowledge of the business.

At most of the watering places the season is drawing to a close, but such is not the case at Dawson Springs. There are new arrivals with every train, and while nearly all the trains bear away some of the crowd the influx is steady. She will be remembered as one of the most efficient and popular of the teachers in our city schools for several years, and she enjoys the distinction of having secured the highest general average in scholarship yet attained on examination of teachers for our public schools.

CREAM OF NEWS.

A Guthrie Failure.

C. R. McMurray & Bro., dealers in dry goods and clothing at Guthrie, and one of the largest houses in the place, made an assignment last Thursday for the benefit of their creditors. It is understood that their liabilities are quite large, with ample assets if same could be realized upon.

The failure of the Guthrie bank is said to have caused the step, as the young men composing the firm were not only depositors but were also stockholders in the concern. They were very popular merchants and their downfall is much regretted.

Hicks Heard From.

Prof. Hicks predicts that the month will end warm, with storms starting in the west. Disturbances in progress at beginning of month of September, will end in cooler weather by the 3d. After a few days of this breeding period storm conditions will return, which will be followed closely by the electrical crisis of the Autumnal Equinox. This will hasten and intensify disturbances and earthquakes and cyclonic storms will likely follow. Plenty of frosty nights to the north are predicted for September.

Found Dead in Bed.

Miss Ora McCamy, the 18-year-old daughter of Mr. H. F. McCamy, formerly of this city, was found dead in bed at her home in Princeton Saturday morning. Deceased had been suffering from epilepsy for some time and had been under the care of physicians a good portion of the time for several weeks. Friday she was thought to be somewhat better and in the early part of the night she rested well. When an attempt was made to arouse her Saturday morning it was discovered that she was dead. Apoplexy was the immediate cause of death. The remains were brought to this city Sunday and interred in Hopewell cemetery. The family have a host of sympathizers in the sudden taking off of their daughter.

Thos. H. Richardson Recovers.

Tom Richardson, the young man who took laudanum last Thursday, had a very close call, but finally pulled through and recovered. Young Richardson says he did not take the drug with suicidal intent. He may have said so while under its influence but he did not realize what he was saying. He admits that he was intoxicated the night before but says he only took two drinks and that it was his first dissipation for several months. His idea was to take laudanum and sleep off the effects of the liquor. He further says that there was no girl in the case. He is still at work at West's meat shop and says the affair has taught him a lesson that will be of benefit to him in the future.

Captured a Rapist.

About a month ago a 14-year-old colored girl was raped near Springfield, Tenn., by one George Chatman, also colored, who is the girl's stepfather. Chatman made his escape and gave out the impression that he was going to Texas. Last Thursday the Marshal of Elkton arrested the rapist near that town and Sheriff Storey, of Robertson county, Tenn., was notified and took his man back Friday to stand trial. The penalty for rape in Tennessee is death, or life imprisonment, at the discretion of the jury. There is said to be a clear case against Chatman. He is a great fighting character and has whipped as many as half dozen of his race in one fight and on one occasion successfully resisted two officers who attempted to place him under arrest, and made his escape.

Caught the Right Man.

News of a reliable nature was received here last Saturday afternoon from Trigg county, in regard to the daring outrage that Judge McNeal, colored, attempted to perpetrate upon some ladies at the residence of Squire Mont Dawson, just across in Trigg, that morning. Entering the house by a ladder he found his way to the women's room and was fooling about the bed when they awoke, and began screaming. This frightened McNeal off, and he escaped, but was captured later in the day, when he was identified by the women, and taken before a magistrate and bound over for Circuit Court. He was lodged in jail at Cadiz. On the way there he admitted being the man but refused to state his object in going to the women's room.

The Guthrie Bank Failure.

Last Thursday the Peoples' Bank of Guthrie made a general assignment, naming Mr. Eustice A. Haile, cashier of the Pembroke Deposit Bank, as assignee. The bank had suspended operations several days previous to the last action. The institution had a paid capital of \$15,000 and about \$13,000 are due depositors. There was actually no run on the bank recently, but there had been a steady withdrawal of funds for the past ninety days and receipts proved insufficient to head off this drain. The assets are considered ample to liquidate all claims of depositors and they will be paid possibly dollar for dollar in less than six months, or as soon as the business can be straightened out by the assignee. In the ordinary run of business several years might be consumed in the winding up of the affairs of a "blasted bank," but we are informed by Mr. Haile, the assignee, that this is on an instance where the business will be settled up as speedily as possible. This will be a source of great satisfaction to those most interested.

Commencing Aug. 10th and continuing until Oct. 15, '93, the L. & N. R. R. will sell round-trip tickets from Hopkinsville to Louisville at \$7.50, Cincinnati \$12.85, good returning 30
